AirMedia Renews its Concession Rights Contract of Traditional Media in Beijing Airport

Beijing, China – February 29, 2012 – AirMedia Group Inc. (“AirMedia” or the “Company”) (Nasdaq: AMCN), a leading operator of out-of-home advertising platforms in China targeting mid-to-high-end consumers, today announced that it has recently renewed its concession rights contract with Beijing Capital International Airport (“Beijing Airport”). Under this renewed contract, AirMedia will continue to operate its traditional advertising media in their current formats, such as billboards, light boxes, and others, at all of the terminals in Beijing Airport, including Terminals 1, 2, and 3, for three years, from April 1, 2012 to March 31, 2015. In a separate contract, AirMedia has also renewed its concession rights to operate digital frames at the baggage claim areas in all three terminals of Beijing Airport for three years.

Revenues from traditional media accounted for nearly one-third of AirMedia’s total revenues and contributed significant profits to the Company’s financial results in the third quarter of 2011. A large portion of the Company’s traditional media revenues were derived from the traditional media in Beijing Airport.

“The successful renewal of our contract with Beijing Airport proves the satisfaction of the Beijing Airport authorities with our operations,” remarked Herman Guo, chairman and chief executive officer of AirMedia. “The pre-sales rate of the traditional media in Beijing Airport in 2012 is very encouraging. We intend to selectively expand our network of traditional media to more airports in China while maintaining strong financial discipline.”

AirMedia commenced its traditional media operations in Beijing Airport in April 2009, and the operations incurred significant loss during the initial ramp-up period, which was prolonged by the global financial crisis. AirMedia’s traditional media in Beijing Airport has demonstrated strong revenue growth in the past several quarters. The overall utilization rate of AirMedia’s traditional media in airports for the third quarter of 2011 was 76.9%.
